

**HELICOPTER
SHOW**

**AIRPORT
HRADEC KRÁLOVÉ**

17 – 18 May 2019

Helicopter Show is the place where you can meet the professionals from the area of aviation as well as from Police, Army, fire brigades and emergency medical services.

The Friday program will be related mainly to the operation of the Air Rescue Service, education and the training of HEMS crew. Part of the program will especially be the display of main activities at simulated car accident which are typical for mutual cooperation of Integrated Rescue System and Emergency Medical Service. The interactive program for the pupils and students focused on practical education of first aid won't be missing as well as recommended behaviour when the air rescue service helicopter is landing and practical demonstration of rescue with the help of helicopter.

On Saturday will be an air show which is prepared for public together with the display of air, medical, firefighter's and police technique, practical activity of the rescuers, cooperation of the Integrated Medical Services during the simulated interventions and also the demonstration of top pilots of many helicopters' types as well as airplanes including aerobatics.

The popularity as well as the prestige that has been building up through the years is attracting more and more people every year, including the participants themselves. Because of the successful cooperation with the organisers of Rally Show, the visitors can expect the rich program from the aerial as well as car area.

Became the part of the 18th air show at the airport Hradec Kralove.
We are ready to individually discuss with you the possibilities of cooperation
and prepare you the offer which will suit you the best.
