

PLACEMENT CZECHIA

An internship program of Slovak HE graduates in the Czech Republic.

Program Placement Czechia is an opportunity to receive fresh graduates from Slovak universities in specializations according to your needs for a full-time, half year internships, under the costs effective conditions and no employment administration.

Who we are?

Workspace Europe is a consortium of Slovak and Czech universities specialized in international internships of university students in frame of EU program Erasmus+.

We provide students of Slovak and Czech universities with opportunity to gain an international work experience to start their professional career.

We offer employers access to young and talented students from foreign universities as trainees and potential future employees.
